

The image is a screenshot of a patent search interface. The top section shows a list of patent entries with columns for Document ID, Issue Date, Pages, Title, Current OR, Current XRef, Retrieval C, Inventor, and a grid of checkboxes. The bottom section shows a detailed view of a patent, including a list of claims (L1 to L29) and a search results panel on the right. The search results panel displays the patent number (USPAT. US 6048100) and the title (23 with (sample33 near4 reference) with (sample33 near4 (analog or input))).
